

03_Bug_Report

ID	Date	Platform	Game version	Priority	Status	Brief description	Playback steps	Actual result	Expected result	Attachments (link to screenshots/video)
#001	03.08.2025	Windows 11	v1.0.0.0	Medium	New	Ingredient gets stuck in the pot when dragged	1. Enter the game 2. Click "Start Game" 3. Drag ingredients from the list directly to the area with boiling liquid very quickly	In rare cases, the ingredient gets stuck in the pot and is not counted.	The ingredient is "absorbed" by the pot, a sound effect is heard and a splash animation is seen	Link to the Video
